Nitesh Kumar

Backend Engineer | FastAPI • AWS • AI Integration | Building
scalable APIs & cloud-native systems
Kolkata, West Bengal, India

Summary

A goal-driven, enthusiastic, and cheerful individual, actively participating in tech and non-tech activities. Focuses on the work at hand, and follows agile ways of working with excellent communication.

Experience

Tata Consultancy Services
System Engineer
April 2025 - Present (1 year 6 months)
Kolkata

HSR Hi-Tech Solutions
Frontend Developer
January 2024 - June 2024 (6 months)
Haldia, West Bengal, India

During my internship at HSR Hi Tech Solutions, I developed frontend solutions to enhance user experiences and optimize website functionality.

LinuxWorld Informatics Pvt Ltd
AWS Intern
July 2023 - September 2023 (3 months)
Jaipur, Rajasthan, India

Excited to join AWS as an intern, eager to contribute to cutting-edge cloud technologies. Looking forward to gaining hands-on experience in AWS services, collaborating with talented teams, and solving real-world challenges.

Whizzo Infotech Pvt. Ltd
React Developer
January 2023 - March 2023 (3 months)
Haldia, West Bengal, India

I gained hands-on experience with React, a powerful JavaScript library for building interactive user interfaces.

Education

Haldia Institute of Technology

Bachelor of Technology - BTech, Computer Science · (August 2020 - June 2024)
